STRATEGIC PROPOSAL

OUR COMPANY

Our consultants have the training and expertise to help your organization improve its business processes and become more effective. With over 100 clients in your industry, we have the knowledge to take your business to the next level.

THE OPPORTUNITY

No one knows your business better than you do, but sometimes an outside perspective is needed to get to the root of a problem and develop an innovative solution. Plus, outsourcing this intense strategy work gives you time to focus on the day-to-day business and ensures that you get the best expertise available.

Let the varied experience of our consultants guide our analysis of your business to improve performance and help you achieve your goals. We provide the big picture planning to envision and achieve a future where your business is a leader in your industry.

At the conclusion of our engagement, you will have a personalized solution to improve your business processes and increase efficiency. We promise high-quality, clear deliverables that are fully customized to the unique needs of your organization.

OUR CLIENTS

Tom Roberts
CEO, Teddy Bears Inc.

"I'm not sure where my business would be without Business Consultants Ltd. They've helped us streamline our entire operation from HR improvements to software implementations. I can't recommend them enough."

"Red Box was at a point where we needed a third party to take a look at the business. We're so happy we did! We increased efficiencies across the board and really improved the business. Their breadth of knowledge is outstanding. "

Joanna Edgar
VP of Marketing, Red Box
